- Contact factory for optional GPS tracker and modem

- Capacitive touch screen controller
- Easiest programming in the industry
- Intuitive interface with larger buttons
- Multi-level password protection
Versatile, easy to install kit for any application.

Wanco Message Sign replacement/conversion kits are the ideal choice when you need to upgrade/restore your old fleet with the latest production model. Full-size signs provide versatility and great performance.

Full-matrix signs provide the greatest flexibility for displaying any type of message—large or small letters, symbols, graphics. Graphics and text can be combined in the same message.

Three-line message signs are capable of displaying three rows of alphanumeric characters. The ultra-bright, highly legible LEDs display your message clearly.

Changing the message is simple, as Wanco signs feature the easiest programming in the industry. The in-cabinet controller has a 7-inch LCD capacitive touch screen.

Meets NEMA TS 4-2005 Section 2 for ambient temperature, vibration, shock, electro-static discharge (ESD), and radio interference. NTCIP compliant.

### Large Sign

**Display**
