Wanco Recognizes 2024 Commemoration of National Work Zone Awareness Week (NWZAW)

National Kickoff Event Hosted by Maryland Department of Transportation (MDOT)

ARVADA, CO April 19, 2025 – Once again, Wanco joined transportation and roadway safety officials across the country in recognizing National Work Zone Awareness Week (NWZAW). Each year, NWZAW focuses on a specific theme to help underscore the importance of paying attention and slowing down when approaching work zones. The 2024 theme drew particular attention to the dangers of distracted driving:

“Work Zones Are Temporary. Actions Behind the Wheel Can Last Forever.”

The Maryland Department of Transportation (MDOT) hosted this year’s national kickoff for NWZAW on Tuesday, April 16th. The event was held on a bridge in Maryland near the location where six workers were tragically killed in a work zone on I-695 in 2023.

Wanco is committed to supporting the annual NWZAW campaign to help raise awareness about the dangers faced by transportation workers and the shared responsibility of all drivers to pay attention and drive safely, especially in work zones.

About Wanco Inc.

Since 1984, Wanco has been designing, engineering, and manufacturing high-quality and easy-to-use portable safety equipment and accessories for industries such as traffic management, public safety and law enforcement, construction, energy and mining, security and surveillance, and many others.
